### Our Story

The Bauck Family has been farming organically ever since the 1930s. Eduard Bauck later added an organic mill and today we operate three mills which remain a family business to this day.

### Our Mission

We believe organic farming is the most sustainable form of farming. We want to make as much scrumptious organic food as possible to help rescue land from industrial farming methods and stop poisoning our soil and water.

All packs with French, Dutch, English, Spanish, Hungarian, Danish, Norwegian, Swedish, Slovakian, Portuguese, Italian, Polish.
